

Leadership, Planning & Grants

Leadership 403 - Introductory Level

Curriculum Integration for Superintendents & Board Members

Understanding the value of leadership commitment at all levels, and appropriate accountability, Leadership 403 guides Superintendents and Board Members in the successful implementation of technology in schools. While establishing a technology vision which focuses on student achievement, participants learn to evaluate technology during and after implementation, discuss appropriate decision levels for technology in state, district, and school. Participants also review established processes that ensure solid Instructional Technology Plans.

Assessments Included

- Integrate Diagnostic Assessment

Delivery Mode	Platform	Software	Length
Instructor-Led	PC/Mac	All	2 days/14 hours
