

## Training 801

# Teacher Universe Curriculum Integration Certificate for Integrate 101 & 201

Training 801 consists of five days of instruction and prepares the participants to teach Integrate 101 and 201. The purpose of this course is to empower teachers within the school district to lead their fellow teachers to use technology effectively in their classrooms and to be on-going leaders in their school district. After successfully completing the course and creating required projects, Teacher Universe certifies the teachers in the Train-the-Trainer course to train other educators using the materials provided by Teacher Universe.

### Assessments Included

- Integrate Diagnostic Assessment
- Integrate Post-Assessment
- Portfolio Assessment

Delivery Mode	Platform	Software	Length
Instructor-Led	All	All	5 days/35 hours

**On a continuing basis, these teachers will receive new ideas for continued curriculum integration, periodic observations from the master curriculum integration specialists of Teacher Universe and will gain access to the Teacher Universe Web site for additional instructional tools.**
